Harrisburg, May 1, 1900.

His Excellency William A. Stone, Governor of the Commonwealth of Pennsylvania:

Sir: I have the honor to transmit herewith "a record containing the names of all soldiers and sailors from Pennsylvania who served in the Spanish-American war, as shown by the muster-in and muster-out rolls on file in the Adjutant General's Office of Pennsylvania," compiled in compliance with and by authority of the Act of Assembly approved the 13th day of April, A. D. 1899.

Very respectfully,
THOMAS J. STEWART,
Adjutant General.

PREFACE.

The General Assembly of Pennsylvania, in the session of 1899, passed the following act which was approved by the Governor on the 13th day of April, 1899:

AN ACT

To provide for the preparation and publication of the names and records of Pennsylvania Volunteers in the Spanish-American war, and making an appropriation for the clerical work in connection therewith.

Section 1. Be it enacted, &c., That the Adjutant General shall, as soon as practicable after the passage of this act, prepare for publication a record containing the names of all soldiers and sailors from Pennsylvania who served in the Spanish-American war, as shown by the muster-in and muster-out rolls on file in the Adjutant General's office of Pennsylvania. The record shall give the name, residence, date of enrollment, rank, promotions, date of death or discharge, and such other information as may be obtainable by the Adjutant General.

Section 2. Four thousand copies of said record shall be printed by the State Printer, on order given by the Adjutant General, and shall be distributed as follows: To each member of the Senate twenty copies, to each member of the House of Representatives ten copies, to the State Librarian four hundred copies, to the Governor one hundred copies, and fifty copies each to the Adjutant General, the Lieutenant Governor, the Secretary of the Commonwealth, the Auditor General, the State Treasurer, the Attorney General, the Secretary of Internal Affairs, the Secretary of Agriculture, the Commissioner of Banking, and the Commissioner of Insurance.

Section 3. For the purpose of providing the necessary clerical work to carry into effect the provisions of this act, the sum of one thousand dollars is hereby appropriated, to be paid by the State Treasurer on the warrant of the Adjutant General approved by the Auditor General.

In accordance with the provisions of the act, the Adjutant General arranged for and supervised the compilation of the record "of soldiers and sailors from Pennsylvania who served in the Spanish-American war, as shown by the muster-in and muster-out rolls on file in the Adjutant General's Office of Pennsylvania."

It was further provided that the record should "give the name, residence, date of enrollment, rank, promotions, date of death or discharge, and such other information as may be obtainable by the Adjutant General." The muster-in and muster-out rolls from which the record is compiled are not free from errors even though prepared with great care. Men oftimes fail to appreciate the importance of having official papers correct, and while the muster-out rolls were prepared after troops had been in the volunteer service for some time and when officers and men were thoroughly acquainted with and it would be supposed understood the value of records, yet much information has been omitted. Officers in several cases have failed to certify by signature to rolls. The entire statistical information of the individual soldier has in some instances been completely changed between the muster-in and muster-out rolls. The work of compilation has been done with care and according to the official rolls filed in the Adjutant General's Office.

It is shown with as much accuracy as possible how many of the men entering the volunteer service were members of the National Guard of Pennsylvania.

The system used in compiling the record is known as the "card system." Cards were made in duplicate, one set to be filed in the Adjutant General's Office for future reference and use in correcting errors in rolls or amending records.

The term "such other information as may be obtainable" would seem to give wide scope to the judgment and authority of the Adjutant General, and while many tenders of information were made, somewhat in the way of personal history, and also of information that seemed foreign to the purpose of the publication, the Adjutant General has endeavored to confine the publication to what he believed to be the intent and purpose of the General Assembly in passing the act. The general details of the recruitment and organization of the commands accounted for in the within record will be found in the Annual Report of the Adjutant General of Pennsylvania for the years 1898 and 1899.

No official rolls or data are filed in the Adjutant General's Office of Pennsylvania accounting for men from Pennsylvania who entered the United States Navy or United States Marine Corps during the Spanish-American War. The quota of volunteers to be furnished by the State provided only for regiments of infantry, batteries of light artillery, and troops of cavalry. The enlistment of men for the Navy was conducted by the Navy Department and not through the Governor of the State. The Adjutant General is, however, enabled to include in the record the names of the men of the State Naval Militia who entered the United States Navy, these names being included in the report of Commander John S. Muckle, First Battalion, State Naval Militia, made to the Adjutant General of Pennsylvania under date of January 1, 1899, and which is published in full in the report of the Adjutant General for the year ending November 30, 1899.

Eugene Ellicott, of Philadelphia, late Captain, First Regiment, U. S. V. Engineers, has compiled a roster as nearly complete as he could make it of the men who served from Pennsylvania in the First Regiment, U. S. V. Engineers, through the Porto Rican campaign. In transmitting this list to the Adjutant General, Captain Ellicott says, "I regret very much that the roster is not complete, but various company commanders have entirely failed to give me the necessary information. I hope this group of men will find places in the archives of the State of Pennsylvania." The roster furnished by Captain Ellicott will be found in the appendix to this report.

On April 13, 1900, the Adjutant General's Office, War Department, Washington, D. C., in compliance with a request made by the Adju-

tant General of Pennsylvania, furnished "a list of officers appointed by the President in the Volunteer Army of the United States from the State of Pennsylvania, during and since the War with Spain." This list will also be found in the appendix to this report.

In this report will be found the name, residence, date of enrollment, rank, promotions, date of death or discharge, of the officers and enlisted men of the following Pennsylvania volunteer organizations in the Spanish-American War:

FIRST REGIMENT PENNSYLVANIA VOLUNTEER INFANTRY.

The First Regiment, Pennsylvania Volunteer Infantry, was mustered into the service of the United States at Mt. Gretna, Pa., on May 10 and 11, 1898. The Secretary of War advised the Governor of Pennsylvania that it was the wish of the President in recruiting the quota of volunteers assigned to Pennsylvania that the National Guard of the State should be drawn upon for the reason that they were armed, equipped and drilled. The First Regiment, Pennsylvania Volunteer Infantry, was made up largely from the First Regiment of the National Guard of Pennsylvania, located in Philadelphia. On April 28, this regiment, in compliance with the orders of the Governor, reported with full ranks at Mt. Gretna, Lebanon county, Pa., which place had been fixed as the rendezvous for State troops. The regiment was composed of ten companies. On May 2, it was inspected by the Governor of Pennsylvania, after which the roll of the regiment was called and the officers and men in that manner indicating their intention as to volunteering in the United States Volunteer service. The regiment was mustered into the service of the United States with an enlisted strength of 754 men; commissioned officers, 40 men; a total of 794. Colonel Wendell P. Bowman, who commanded the First Regiment, National Guard of Pennsylvania, and was commissioned as Colonel of the First Pennsylvania Volunteer Infantry, was seriously injured on May 2, 1898, at Mount Gretna, and was unable to be mustered. The regiment entered the service of the United States under the command of Lieutenant Colonel J. Lewis Good. On Monday, May 16, in accordance with orders from the War Department, the regiment left Mt. Gretna, Pa., for Chickamauga Park, Ga., where it arrived on the 18th, and was assigned to the Third Brigade, Second Division, First Army Corps, Department of the Gulf. General Orders No. 61, Headquarters of the Army, A. G. O., dated June 1, 1898, directed the recruitment of the several companies of the regiment to 106 men each. Recruiting officers were detailed to proceed to Philadelphia for that purpose, and on June 30, 1898, the recruiting had been completed and the strength of the regiment had been increased to 1,100 men. On August 17, 1898, Lieutenant Colonel J. Lewis Good was mustered in as Colonel, to date from May 12, 1898, vice Colonel Wendell P. Bowman who was mustered, and whose resignation was accepted as of May 12, 1898. On August 28, orders were issued for the regiment to move to Knoxville, Tenn., and on August 29, at 3 A. M., it

marched to Rossville, eight miles distant from its former camp, there embarked on cars and proceeded to Camp John S. Poland, Knoxville, Tenn., where it arrived at 4 P. M. on August 29. The regiment remained at this place until September 14, 1898, when it was ordered to proceed to Philadelphia to be mustered out of the service. It arrived in Philadelphia on the evening of the 16th, where it was received by the Veteran Corps of the First Regiment Infantry, N. G. P., a detachment from the Nineteenth Regiment Infantry, N. G. P., Geo. G. Meade Post No. 1, of the Grand Army of the Republic, all forming an escort to the regiment. A banquet was tendered the regiment in the armory. On September 17, all enlisted men of the regiment were given a furlough for thirty days prior to being mustered out of the service of the United States. On October 16 they reported for duty and the final muster out occurred on October 26, 1898. On October 27, 1898, the regiment as an organization participated in the Peace Jubilee celebration in Philadelphia.

During the service the First Regiment Pennsylvania Volunteer Infantry lost two commissioned officers and fifteen enlisted men by death. The Regimental Surgeon, Major Lawrence Savery Smith, was placed on detached service with the Reserve Hospital First Army Corps at Porto Rico. He contracted typhoid fever and died on the hospital ship "Relief" August 17, 1898, while en route from Porto Rico to New York.

SECOND REGIMENT PENNSYLVANIA VOLUNTEER INFANTRY.

This regiment was recruited largely from the Second Regiment Infantry, National Guard of Pennsylvania, composed of ten companies, located in Philadelphia, and commanded by Colonel John Biddle Porter. The Second Regiment Infantry, N. G. P., reported at Mount Gretna, Pa., on April 28th, 1898, in compliance with orders issued by the Governor. Like all other regiments it was inspected by the Governor, after which the roll of the Field and Staff and of each company was called, and the officers and enlisted men given an opportunity to volunteer. Company D was mustered into the U. S. Volunteer service on May 10th; Companies A and C, on May 12th; the remaining companies, and Field and Staff (except Adjutant and Quartermaster and Surgeons, who had been mustered in on May 5th), were mustered in on May 13th, 1898. Rev. Henry C. McCook, Chaplain, and John Hall Rankin, Battalion Adjutant, were unable to be present and were mustered in subsequently. Colonel John Biddle Porter was mustered as Colonel. On May 17th, 1898, the Second Battalion, composed of Companies A, C, F, H and K, Major Albert H. Hartung, under command of Lieutenant Colonel Henry T. Dechert, left Mount Gretna under orders from Headquarters Department of the East and proceeded to Pompton Lakes, N. J., there to guard the smokeless powder works of the Laflin & Rand Powder Company. Acting under the same orders, on May 19th, 1898, Regimental Headquarters and the First Battalion, composed of Companies B, D, E, G and I, Major Charles H. Worman, under command of Colonel Porter, proceeded to Montchanin, Delaware, to guard the powder works of E. I. DuPont de Nemours & Co. Two batteries of the Fourth U. S. Artillery, under Major Grugan had been sent in haste to guard the DuPont powder works on which the Government was depending largely for its supply of powder. The works are very extensive, extending for several miles along the Brandywine river. On May 25th, the Second Battalion moved to Penn's Grove to guard the DuPont smokeless powder works at Carney's Point, N. J. A most desirable camping ground was found at Penn's Grove, on the bank of the Delaware river. Every evening a company was marched to Carney's Point, returning at seven the next morning. A rifle range was established and good drill grounds secured. On September 6th, the Second Battalion joined regimental headquarters, and the

First Battalion of the Regiment at Montchanin. The regiment left Montchanin on September 15th, 1898, and proceeded to Philadelphia, arriving the same day. October 25th, 1898, was fixed as the day for the final muster-out, and all the men except the necessary guard detail were granted thirty days' furlough. This order was revoked. The officers and men who desired their discharges were given them and the remainder of the regiment continued in the service. On October 27, 1898, the regiment participated in the Peace Jubilee celebration in the city of Philadelphia. The regiment was finally mustered out November 15, 1898, by Captain Frederick Fuger, Fourth U. S. Artillery, mustering officer. The orders assigning the regiment to duty at the powder works called for the exercise of the "utmost vigilance for the protection of these important works." The regiment performed its duty in a most acceptable manner. The discipline was excellent, the health remarkable. Major E. Van A. Andruss, Fourth U. S. Artillery, acting as special inspector on government property for condemnation at the two camps of this regiment, made a special report, dated September 3, 1898, in which he said, "While called upon only to condemn property, and make no further inspection, I take the liberty of bearing testimony to the following facts connected with these camps, where there has been such constant and painstaking study apparent to comply with all that is requisite to render a camp typical." After describing the camps and his observations on the officers and men, Major Andruss said in this report: "Such a splendid regiment should be held until its services are absolutely no longer required." The regiment carried on its rolls eleven hundred and nineteen officers and men, and but one man died while the regiment was in the field. Chaplain McCook was absent during the greater part of the summer on leave and on detached duty in Cuba and in the camps of troops in the United States as agent of the National Relief Association.

THIRD REGIMENT PENNSYLVANIA VOLUNTEER INFANTRY.

The Third Regiment, Pennsylvania Volunteer Infantry, was mustered into the service of the United States on the 11th day of May, 1898, and was the third regiment mustered in from Pennsylvania. It was largely recruited from the Third Regiment Infantry, National Guard of Pennsylvania, which had reported at Mount Gretna, Pa., on the evening of April 28, 1898, and went into camp, and whose officers and men were on May 5, 1898, called on by the Governor to volunteer for service in the Spanish War.

On the night of May 13, 1898, telegraphic orders were received from the Secretary of War, directing the regiment to proceed at once to Chickamauga, Georgia. The regiment left Mount Gretna, Pa., on Sunday, May 15, 1898, and arrived at Chickamauga on the evening of May 17th, reporting to Major General Brooke, commanding the First Army Corps, and the next day was assigned to the First Brigade, Second Division, First Army Corps, as per General Orders No. 4, series 1898, Headquarters First Army Corps and Department of the Gulf. The general health of the command was excellent, although a number of men suffered from bronchial troubles caused by the dust. The field return for May 20th shows that 35 officers and 603 men were present, and 4 men sick. On May 27th, the Division, under the command of Brigadier General Poland, was reviewed by Major General J. C. Breckenridge, Inspector General, U. S. A. On May 30th, in General Order No. 21, Headquarters First Army Corps and Department of the Gulf, a brigade was organized, under the command of Brigadier General Simon Snyder, and the Third Pennsylvania Regiment was assigned thereto, and ordered to proceed to Tampa and report to Major General Shafter. Two days' travel rations and eight days' field rations were issued, and on the night of June 1st the canvas was struck, the wagons were packed, and the regiment bivouaced for the night. The following morning, June 2d, the regiment left camp and marched to Ringgold Station, a distance of eight or nine miles, and embarked on cars. General Snyder and a member of his staff accompanied the regiment. The regiment arrived at Port Tampa City, Florida, at 4 o'clock A. M., June 4th, and went into camp. It was assigned to the Third Brigade, Provisional Division, Fifth Army Corps. The Brigade was commanded

by Brigadier General Robert H. Hall, the Division by Brigadier General Simon Snyder, and the Corps by Major General Shafter. On June 5th, the horses of the field and staff officers were ordered to be loaded on the transports the next morning. A delay occurred in the sailing of the transports, the horses were unloaded and returned to the camp and finally the expedition sailed without General Snyder's division. On June 11th, the regiment was assigned to the Third Brigade, Second Division, Fourth Army Corps, in General Orders No. 18, series 1898, Headquarters Fourth Army Corps. The brigade and division commanders were the same as before; the corps was commanded by Major General Coppinger. About June 18th, a recruiting party was sent to Philadelphia to recruit the regiment to 106 men and 3 officers to each company. On June 25th, the following telegram was received in orders:

"Major General Coppinger, Tampa:

General Snyder's division is ordered to move as soon as possible to reinforce General Shafter. I have directed Colonel Rice to superintend the embarkation and notify you when the transports will be ready. * * * * *

(Signed.) MILES,
Major General Commanding."

Orders were issued from Second Division Headquarters, dated June 25th, 1898, to draw forty-six days' field rations in bulk and issue as needed. A telegram was sent the recruiting officers at Philadelphia to return at once and bring what men they had, and in a few days they reported with 170 men, who were distributed among the companies. An order was issued that the regiments should embark in the following order, namely, One Hundred and Fifty-seventh Indiana, First Ohio and Third Pennsylvania. The brigade commander signified his intention to accompany, with his staff, the Third Pennsylvania. Some time later orders for another embarkation were received and rations drawn, but the brigade remained in its camp. On July 8th, the brigade moved from its first camp to Camp Wrenn, about three-quarters of a mile from its former position. The regiment was inspected several times by the Division Inspector. At the July inspection, Major S. C. Mills, Inspector General, Second Division, Fourth Army Corps, under date of July 19th, 1898, made written report to the Assistant Adjutant General, Second Division, Fourth Army Corps, as follows:

"* * * In compliance with the verbal orders of the Division Commander, I have made an inspection of the Third Pennsylvania Infantry, U. S. V. This regiment is completely armed and the equipment is complete, save the usual minor deficiencies which always exist in a regiment. The regiment is well supplied with clothing, which is in good condition. Arms

are in excellent condition and well cared for, and cleaner than any I had then seen in the hands of volunteer troops. * * * The regiment * * * is in very good condition and ready to take the field."

The regiment was visited in June by Rev. H. C. McCook and Rev. Joseph Krauskopf, of the Relief Commission, who kindly inquired if anything was needed for the hospital. The regiment was also visited by a committee of city councils of Philadelphia. Mr. Jacob J. Seeds, who accompanied the committee, upon his return to Philadelphia, sent the regiment nine large Maignon filters, one for each company and one for headquarters.

In compliance with orders from Brigade Headquarters, the regiment left Port Tampa City, Florida, by railroad at 6.00 P. M., July 30th, 1898, and arrived at Fernandina, Florida, at 11.00 A. M., the following day, and went into camp.

Companies I and K were mustered into the United States service at Philadelphia, July 22d, and left Philadelphia by railroad July 23d to proceed to Port Tampa City, Fla. They were detached by Commanding General, Fourth Army Corps, and ordered to Fernandina, Florida, where they joined the regiment on July 31st.

Under orders from Commanding General, Third Division, Fourth Army Corps, the regiment left Fernandina, Florida, at 12.00 noon, August 25th, and proceeded by railroad via Waycross to Montgomery, Alabama, thence to Huntsville, Alabama, arriving at Huntsville at 2.00 A. M., August 27th, and went into camp. The camp was known as Camp Wheeler, and was commanded by Major General Coppinger, Fourth Army Corps. The First Ohio Volunteer Infantry escorted the regiment from camp at Fernandina to the railroad, a compliment that was highly appreciated by the command. By order of the Corps Commander, drills were suspended at Huntsville with the exception of about half an hour each day. A committee from Philadelphia came to Huntsville and with appropriate ceremonies presented the regiment with a very handsome stand of colors.

The regiment was ordered home to be mustered out and left Huntsville on September 8th, and arrived in Philadelphia about noon on September 10th. A committee of citizens and a military escort met the regiment at the station. The regiment was reviewed by the mayor. A luncheon was provided for them at their armory. Thirty days' furlough was granted to the men and the regiment was finally mustered out of the service of the United States on October 22d, at Philadelphia. The regiment paraded on the occasion of the Peace Jubilee Celebration on October 27th, 1898.

FOURTH REGIMENT PENNSYLVANIA VOLUNTEER INFANTRY.

On April 28th, 1898, pursuant to General Orders No. 7, A. G. O., the Fourth Regiment Infantry, National Guard of Pennsylvania, reported at Mount Gretna, Lebanon county, Pa., for the purpose of volunteering in the service of the United States in the War with Spain. On May 9th, Company B was mustered into the United States service, being the first company of infantry mustered from Pennsylvania. Companies A and D were mustered the same date. The remaining companies, C, E, F, G and H, were mustered in during the morning of May 10th, the entire eight companies making 24 officers and 600 enlisted men, the field and staff in the afternoon, and the entire work of muster-in of the regiment was completed before that of any other regiment of the State, the regiment thus having the honor of being the first to enter the United States volunteer service from Pennsylvania.

On the night of Wednesday, May 11th, the regiment received instructions from the War Department through Governor Hastings to prepare for movement to New York City and there to take transport for Key West. On the evening of May 12th this order was countermanded by telegraphic instructions from the Secretary of War.

On the evening of May 14th, the regiment was ordered to Chickamauga Park, Georgia, where it arrived during the morning of May 16th, reporting to Major General Brooke, and was assigned to the Second Brigade, First Division, First Army Corps, being brigaded with the Third Illinois and the Fourth Ohio regiments. On the 23d of May the regiment participated in a review of the Division by Major General Wilson, commanding the Division, and Major General Breckenridge, Inspector General of the Army, and on the 25th participated with the brigade in a series of practice battle movements. Governor Hastings visited the camp June 11th.

Early in June, Captains Willits and Medlar were detailed to recruit the eight companies to the maximum of 106 men to a company, and within ten days the recruitment was completed by recruits from the home stations of the several companies. Later the third battalion was determined upon, and the companies to compose it began to arrive. Company I, of Harrisburg, Captain Calder, being the first, July 2; Company K, of Columbia, Captain Smith, July 2; Company L, of Lancaster, Captain Whitson, July —, and Company M, of Pottstown, Captain Missimer, July 8.

Orders were received on July 4th directing the Second Brigade to proceed to Charleston, S. C., each man to take 50 rounds of ammunition and 150 rounds per man to be shipped there. The regiment broke camp at Chickamauga Park, and moved at 9.30 A. M., Friday, July 22d, 1898; arrived at Rossville, Georgia, at 12.00 noon; embarked on trains at 12.30 A. M., Saturday, July 23d; arrived at Newport News, Va., at 6.30 A. M., Monday, July 25th, and established a temporary camp, named Camp Brooke. Here the regiment remained until Wednesday, the 27th, when they embarked on board the "City of Washington" and "The Seneca." Friday afternoon at 1.45 P. M., the transports passed out of the harbor of Charleston, bound for Porto Rico. The transports arrived at Guanica, Porto Rico, at 11.30 A. M., August 2d, anchored about five miles off shore, weighed anchor and sailed for Ponce, Porto Rico, at 2.30 P. M., arriving at Ponce at 5.00 P. M., and remained in the harbor all night. Next morning orders were received from General Brooke to proceed to Arroyo, a port about fifty miles further east and there disembark. This disembarkation took place while the "St. Louis," the cruiser "Cincinnati" and the "Gloucester" were shelling the hills back of the town. It was near midnight before the entire regiment reached shore. A temporary camp with shelter tents was pitched along the Guayama road about one mile northeast of Arroyo, and on August 4th a permanent camp was made one-half mile east of Arroyo. Ten companies of the regiment were placed on outpost duty, five companies alternating daily, commanded by field officers on the Patillo and Guayama roads, and on the road leading from Arroyo northward into the mountains. Company I, Captain Calder, was detached for provost duty at Arroyo, and remained there until relieved to join the regiment to proceed home for muster-out. During this camp the regiment was equipped with the Model 1896 Springfield .30 caliber magazine rifle.

The forward movement of the Brigade began on August 6th, the Fourth Ohio and the Third Illinois advancing on the town of Guayama, and the Fourth Pennsylvania forming the reserve of this movement. The battle that followed and the capture of Guayama was accomplished, however, without the regiment being actively engaged.

General Brooke sent for Colonel Case on the night of August 12th and advised him that on the following day he proposed to move on the enemy in force and attack his strongly entrenched position on the mountain north of Guayama, using the military road to Cayey for the main attack, with a flank movement by the Fourth Ohio. Colonel Case was ordered to move two battalion of his regiment early on the morning of the 13th, with two days' rations and 100 rounds of ammunition for each man, one battalion to move at 4.00 o'clock A. M. to Guayama, and halt at the outskirts of the town on the military road

until it received further instructions from the Major General commanding, the other battalion to move at 6.00 A. M. to the same point, where it was to halt and remain to cover the town. The Third Battalion was to remain at Arroyo to cover and protect that town. Saturday, August 13th, 1898, the First and Second Battalions broke camp at Arroyo at 4 A. M. The First Battalion and wagon train, under the command of Lt. Col. C. T. O'Neill, moved at 5.45 A. M., and marched to the iron bridge about one mile northwest of Guayama, where they lay as the support of the advancing force consisting of the Fourth Ohio, Third Illinois, four dynamite guns, Batteries A, of Missouri, A, of Illinois, B of Pennsylvania, and the Twenty-Seventh Indiana Battery. Half an hour later the Second Battalion, under the immediate command of Colonel Case, moved to the same point, the Third battalion remaining at Arroyo. Information was received that the enemy were executing a flank movement on the Fourth Ohio. The Second Battalion of the Fourth Pennsylvania was placed on high ground commanding the entire country from the Cayey road to the road on which the Fourth Ohio was operating, and Company F, Captain Dyson, was sent forward in extended order to cover the front. Company B was detached and took possession of the barracks and public buildings in the town. While engaged in this work news came of the Peace Protocol, and General Brooke ordered the First and Second Battalions to withdraw to a point on the Ponce road just south of the edge of the town. Here the regiment remained on outpost duty until the order came, on August 28th, to break camp and march to Ponce. The column of the regiment as they left camp consisted of nearly 1,200 men, ambulance wagons, 28 army wagons and 10 ox carts. The first afternoon the regiment marched 10 miles and the next two days about 20 miles each. On the night of the 30th, the regiment encamped within the limits of the city of Ponce, and the next day marched to the Porte de Playa. The loading of the transport "City of Chester" occupied all of the 31st of August and part of the next day. At 2.00 P. M. of the 1st of September the vessel weighed anchor and the regiment was homeward bound, the sick of the regiment being removed to the hospital at Ponce. Captain Martin H. Smith, Company K, died within one day of New York, where the regiment arrived on the 6th of September. It was then learned for the first time that the regiment was to have sixty days' furlough preparatory to muster-out.

On the 27th of October the regiment, over a thousand strong, participated in the Peace Jubilee in Philadelphia, and was finally mustered out November 16th, 1898.

FIFTH REGIMENT PENNSYLVANIA VOLUNTEER INFANTRY.

Pursuant to General Orders No. 7, A. G. O., dated April 25, 1898, the Fifth Regiment Infantry, N. G. P., on April 27, 1898, left their respective home stations, and proceeded by rail to Mt. Gretna, Pa., where they arrived early on the morning of April 28, being the first infantry organization in the division to reach the point of mobilization. The total strength of the regiment when it reported for duty was 37 officers and 483 enlisted men, a total of 520 men.

On May 11, 1898, the regiment was mustered into the service of the United States by Major W. A. Thompson, U. S. Army, and comprised thirty-seven officers and six hundred and four enlisted men. Pursuant to telegraphic orders from the War Department, the regiment broke camp at Mt. Gretna on the morning of May 17, 1898, and at 12:30 P. M., started by rail for Chickamauga, Georgia. The regiment arrived at Battlefield Station, Chickamauga Park, Georgia, on the afternoon of May 19, at 5 P. M., bivouacked for the night on Snodgrass Hill, and on the morning of May 20 marched three miles and went into camp along the Alexander Bridge road. The regiment was assigned to the First Brigade, Third Division, First Army Corps. On June 20, Majors John P. Kennedy and Robert C. McNamara were detailed to recruit the companies of their respective battalions to one hundred and six men, the full complement being readily secured and all the recruits having reported by July 4, 1898.

Orders were received on June 29, 1898, to recruit a third battalion of four companies of one hundred and six men each. The work of recruiting and mustering the additional battalion was placed in charge of Captain Hugh S. Taylor, Company B. Within three weeks all the companies had been mustered in, and had reported for duty at Camp George H. Thomas. Company I was recruited at Somerset; Company K, at Wellsboro; Company L, at Clearfield, and Company M, at Gettysburg. Lieutenant Colonel Rufus C. Elder was placed in command of the First Battalion; Major John P. Kennedy, formerly of the First Battalion, was assigned to the command of the Second Battalion, and Major Robert C. McNamara, formerly of the Second Battalion, to command of the Third. August 12, 1898, the regiment moved about one-half mile nearer Battlefield Station, and encamped along the Brotherton road. Here there was good drainage and

higher ground. On the afternoon of the 22d, the regiment left Rossville and traveled by rail to Camp Hamilton, near Lexington, Ky., a distance of two hundred and fifty miles, the first battalion reaching its destination on the 23d of August, and the other battalions on the 24th. The camp at Lexington was all that could be desired for health or beautiful surroundings.

On September 17, 1898, the regiment was granted a thirty days' furlough, and each company was directed to proceed to its home station. The headquarters of the regiment were established at Altoona, Pa. After the expiration of the furlough, ten days were given for muster out, and this time was afterwards increased an additional twenty days to give the regiment an opportunity to participate in the Peace Jubilee at Philadelphia, on October 27, 1898. The regiment was finally mustered out, November 7, 1898.

SIXTH REGIMENT, PENNSYLVANIA VOLUNTEER INFANTRY.

The Sixth Regiment Infantry, N. G. P., reported at Mt. Gretna, Pa., on the 28th day of April, 1898. The regiment was mustered into the volunteer service of the United States on the 12th day of May, 1898, and was, on May 19, ordered by the Secretary of War to proceed to Camp Alger, Virginia, where it arrived the following morning, with 50 officers and 928 enlisted men. Colonel Perry M. Washabaugh, who commanded the regiment in the National Guard service, failed to pass the physical examination for entrance in the United States service, and Brigadier General John W. Schall, of the First Brigade, N. G. P., was appointed and commissioned Colonel of the regiment by Governor Hastings and was mustered into the United States service May 13. The Sixth Regiment Infantry, as a National Guard organization, was an eight-company regiment, but at the time of its entrance into the service of the United States it was augmented by the addition of the State Fencibles Battalion of four companies, making the Sixth Regiment Pennsylvania Volunteer Infantry the only twelve-company regiment originally mustered into the United States service from Pennsylvania. May 28th, 1898, Colonel Schall was assigned to the command of the Second Brigade, Second Division, Second Army Corps, composed of the Sixth Pennsylvania, Fourth Missouri, and Ninth Ohio; a few days later the Seventh Illinois was detached and the Ninth Ohio added. While in command of the Second Brigade, Colonel Schall was on July 6th directed by Major General George B. Davis, commanding the Second Division, Second Army Corps, to exercise command of the Sixth Regiment Pennsylvania Volunteer Infantry, in addition to the command of the Brigade, and Colonel Schall acted in this dual capacity until the appointment and commission of Lieutenant Colonel W. J. Elliott by Governor Hastings, on July 27th, 1898, to succeed Lieutenant Colonel Shenton, who resigned and was mustered out of the service July 10, 1898.

By direction of the Secretary of War, the several companies of the Sixth Regiment were recruited to a total of 108, so that on the 8th of July, 1898, the total strength of the regiment was 1,329. On August 2d, 1898, orders for movement of the Second Division, Second Army Corps, were received, and on the morning of the 3d the

regiment marched from Camp Alger to Burke's Station, Virginia, twelve miles distant, where they encamped for the night, resuming the march August 5th, to Bull Run, twelve miles distant, where they encamped, with one flank enclosed by a well-preserved earthwork of that historic battlefield. The march was resumed Sunday morning, the 7th, crossing Bull Run, camping at Bristow Station, Virginia, twelve miles distant. Owing to heavy rainfall, causing Broad Run to overflow its banks and washing away a hastily constructed bridge, the regiment was compelled to ford the stream on the morning of the 9th, when the march was resumed. Passing through Gainesville and Haymarket, the regiment camped one mile west of Thoroughfare Station, and within one mile of the historic Thoroughfare Gap, after a sixteen mile march. The entire regiment went on duty as provost guard, from which duty they were relieved several days later and resumed the usual camp routine.

On the 24th day of August, 1898, the regiment moved under orders to Camp George G. Meade, at Middletown, Pa. The regiment arrived in camp on the morning of the 25th. Sunday, September 4th, all papers having been prepared for muster out at Mt. Gretna, Pa., in accordance with orders received August 27th, boxes were made, and filled with arms and equipment, turned over to and inspected by Lieutenant Colonel W. P. Duvall, Chief Mustering Officer, Second Army Corps. The regiment was paid off on September 7th, and canvas and mess outfit turned in. The regiment proceeded to home rendezvous that evening, each officer and enlisted man being furnished an official leave of absence or furlough until the 7th of October, 1898. The regiment was mustered out of the service October 17th, 1898.

EIGHTH REGIMENT, PENNSYLVANIA VOLUNTEER INFANTRY.

Pursuant to General Orders No. 7, A. G. O., the Eighth regiment, National Guard of Pennsylvania, reported at Monut Gretna at noon on Thursday, April 28, 1898, for the purpose of volunteering in the U. S. Volunteer service in the War with Spain. The severely inclement weather prevented the regiment from erecting camp until Friday morning, April 29. The strength of the regiment was 43 officers and 596 enlisted men, a total of 639. In distributing the quota assigned to Pennsylvania among the several organizations that were to enter the service, recruits were to be added to each company, and the minimum fixed for the Eighth regiment was 80 men per company. On May 5, officers were detailed to proceed to the home station of each company and to secure recruits to bring the strength of each company to 80 men. Colonel Frank J. Magee, commanding the Eighth regiment, National Guard of Pennsylvania, was physically disqualified from entering the service of the United States. Lieutenant Colonel Theodore F. Hoffman was commissioned as Colonel of the Eighth Pennsylvania Volunteer Infantry. The regiment, with the exception of company "G," was mustered into the United States service on May 12, 1898, company G having been previously mustered on May 11th.

On May 13th, the regiment was ordered to proceed to Chickamauga, Georgia, with ten days' rations. This order was countermanded on May 15th. On May 16, the regiment was ordered to proceed to Washington, D. C., with ten days' rations. Rations were received on the 17th. On the morning of May 18th the regiment broke camp at Mount Gretna and arrived at Dunn Loring Station, Virginia, at 6:00 o'clock P. M. The regiment disembarked, marched about three miles to a point near Falls Church, and bivouacked for the night. Thursday, May 19th, camp was erected, this regiment being the first regiment located in what afterwards became Camp Alger. The regiment was assigned to the Third Brigade, First Division, Second Army Corps.

On June 6th, in accordance with orders from the War Department, companies were directed to be recruited to 106 enlisted men each, and Majors Hutchison and Holmes were detailed as recruiting officers to supervise the recruitment. Governor Daniel H. Hastings, of Pennsylvania, visited Camp Alger on June 15th, and on that day the Eighth regiment and other Pennsylvania regiments located at Camp

Alger were reviewed by the Governor. On June 16th, one battalion of the regiment was placed on provost duty under command of Major Holmes, and remained on duty for three weeks. The First battalion under Major Hutchison participated in a practice march with the Third Brigade to the Potamac River and return on June 23rd. Brig. Gen. J. P. S. Gobin, who had commanded the Third Brigade, National Guard of Pennsylvania, of which the Eighth regiment formed a part, had been appointed a Brigadier General of United States Volunteers, and arrived in camp on June 23rd and assumed command of the Third Brigade. On July 20th the regiment was presented with a silk U. S. regulation flag by the ladies of Shippensburg, Pa. On August 30th, the regiment proceeded to Camp Meade, Middletown, Pa., arriving there in the early morning of August 31st. On October 26th, the regiment left Camp Meade and proceeded via Pennsylvania railroad to Philadelphia and participated in the Peace Jubilee in that city, returning to Camp Meade October 26th, 11:00 P. M.

Under orders from the War Department, the regiment on Sunday, November 13th, broke camp at 5:00 o'clock A. M., and at 8:30 o'clock embarked for Augusta, Georgia, proceeding via Washington, Richmond and Raleigh, through Virginia, North Carolina and South Carolina, arriving at Augusta 2:00 A. M., November 15th, and went into camp at Camp Mackenzie about four miles from Augusta. On January 27th, 1899, the regiment participated with the Brigade in a practice march of fifteen miles.

The regiment was finally mustered out of the United States service at Camp Mackenzie on March 7th, 1899, by Captain W. P. Burnham, Fifth United States Infantry.

NINTH REGIMENT, PENNSYLVANIA VOLUNTEER INFANTRY.

The Ninth Regiment Infantry, National Guard of Pennsylvania, which was composed of eight companies from Luzerne county, reported at Mt. Gretna, Pa., at six o'clock on the morning of April 28th, 1898, in accordance with the orders of the Governor of Pennsylvania, and for the purpose of volunteering in the service of the United States.

In pursuance of General Orders No. 9, A. G. O., series 1898, the regiment was paraded May 4th, 1898, the roll was called, and officers and men of the command signified their intention as to volunteering in the service of the United States. The strength of the regiment at this time was thirty-seven officers and four hundred and eighty-one enlisted men, of whom thirty-four officers and four hundred and seventeen enlisted men volunteered. Two officers and sixty-one enlisted men were subsequently rejected on account of physical disability. The regiment was mustered into the United States service on May 11, 1898, with a total strength of thirty-six officers and six hundred and four enlisted men, which included recruits. In compliance with orders from the War Department, dated May 13, 1898, the regiment left Mt. Gretna, Pa., on the afternoon of May 17, 1898, and proceeded to Camp George H. Thomas, Chickamauga Park, Georgia, arriving there May 20, 1898; bivouacked at Lytle Hill, near Battlefield Station, and on reporting to Major General Brooke, was assigned to the Third Brigade, Third Division, First Army Corps. On May 22, 1898, Colonel Dougherty was assigned to the command of the Brigade and remained in command until July 4, 1898.

Under the second call of the President for 75,000 men, dated May 25th, 1898, the several companies of the Ninth regiment were recruited to a maximum strength of one hundred and six men. Four additional companies were also added to the regiment, making the total strength one thousand three hundred and twenty-three officers and men. The four additional companies were recruited at the following points:

Company G, Captain Henry D. Green, at Reading, Berks county.

Company K, Captain Henry Adams, at South Bethlehem, Northampton county.

Company L, Captain Robert S. Mercur, at Summit Hill, Carbon county.

Company M, Captain Frank N. Moore, at Towanda, Bradford county.

Captain Robert S. Mercur was a Battalion Adjutant of the Ninth Pennsylvania Volunteers when he was commissioned captain.

On August 5th, 1898, the regimental camp was changed from the original location to the "Smith-White" field. August 20th, the Third Division, First Army Corps, was ordered to Lexington, Kentucky. On August 25th, the sick in the regimental hospital were transferred to a hospital train going north; those too ill to be removed were transferred to the Third Division Hospital. A special hospital train under the individual charge of Governor Hastings of Pennsylvania, arrived at Chickamauga Park August 27th, and the sick of the Pennsylvania regiments who were in condition to travel were transferred to this train, which proceeded to Lexington, Ky., arriving August 28th. The remaining sick of the regiment were placed on this train and removed to their homes.

The regiment left Chickamauga Park at 5:30 P. M., August 25th, and arrived at Camp Hamilton about five miles from Lexington, Ky., on August 27th, at 5:30 P. M.

September 8th, the regiment was ordered to be mustered out. On Sunday, September 18th, the regiment left Camp Hamilton, for Wilkes-Barre, Pa., where it arrived Monday evening, September 19, 1898, and was given an enthusiastic welcome, and a supper was provided in the Ninth Regiment Armory, after which the several companies located outside of Wilkes-Barre, proceeded to their home stations by special train.

Pursuant to orders directing the muster-out of the regiment, officers were granted leave of absence and enlisted men were furloughed for thirty days. Thursday, September 27th, the regiment participated in the Peace Jubilee celebration in Philadelphia. The Ninth Regiment, Pennsylvania Volunteer Infantry, was mustered out of the service October 29, 1898.

TENTH REGIMENT, PENNSYLVANIA VOLUNTEER INFANTRY.

The Tenth Regiment Infantry, National Guard of Pennsylvania, composed of companies in the counties of Beaver, Washington, Greene, Fayette and Westmoreland, under the command of Colonel Alexander L. Hawkins, who was the senior regimental commanding officer in the National Guard of Pennsylvania, reported at Mt. Gretna on April 28, 1898, in compliance with the orders of the Governor, and for the purpose of volunteering in the service of the United States in the Spanish-American War. This regiment, like all others of the National Guard of Pennsylvania at that time, was paraded for inspection and muster, the officers and men indicating their intention as to volunteering. Immediately thereafter and prior to the muster-in of the regiment, the several companies were recruited to seventy-five enlisted men, and the muster-in of the regiment in the service of the United States was completed on May 12, 1898.

The regiment remained in camp at Mt. Gretna and on May 17, 1898, orders from the War Department directed the movement of the regiment to Chickamauga Park, Georgia. While preparations were being made for this movement, the order was countermanded and another order issued on May 18, directing the regiment to proceed to the Philippine Islands as part of the command of Major General Wesley Merritt. In compliance with these orders the regiment left Mt. Gretna at nine o'clock P. M., May 18th, destined for San Francisco, California, there to embark on transport for the Philippine Islands. The regiment arrived at San Francisco on the morning of May 25th and went into camp at Camp Merritt. While in San Francisco the regiment was fully equipped, and on the afternoon of June 14th embarked on the U. S. Transport "Zelandia," as part of the expedition to the Philippine Islands, under the command of Brigadier General Francis V. Greene, U. S. V. The regiment arrived in Manila Bay, Philippine Islands, on July 17, 1898. On July 21, the regiment disembarked and went into camp at "Camp Dewey," six miles south of Manila. The interval between July 21 and July 31st, was devoted to building intrenchments. A new line of entrenchments was made out shortly after the arrival of the Tenth Regiment, and this line was sufficiently finished on July 31st to furnish excellent protection to the troops. On the morning of July 31st the Tenth Pennsylvania was detailed for outpost duty, the term being twenty-four hours.

During the day of July 31st nothing unusual occurred; there was no movement of any kind made by the enemy, but that night about eleven o'clock the Spanish forces opened fire upon the United States troops from four pieces of artillery at Fort Malate. Colonel Alexander Hawkins, commanding the Tenth Regiment, on August 18, 1898, forwarded to the Adjutant General of Pennsylvania a report covering the operations of the Tenth Regiment from July 31st, to August 12th, 1898, inclusive, and this report is published herewith, as follows:

Manila, Philippine Islands,
August 18, 1898.

Brig. Gen. Thos. J. Stewart, Adjutant General of Pennsylvania, Harrisburg, Pa.:

Sir: On the morning of July 31st, my regiment being detailed for outpost duty, seven companies, to-wit: A, C, D, E, I, H and K, occupied the most northern entrenchments of the American army, about four (4) miles south of Manila. Company B being posted to guard a road about two miles in rear of and to the right of our main body, was not subsequently engaged in the action of the balance of the command in the advanced line. The other troops in the advanced line consisted of a detachment of four guns and thirty-two men of Batteries A and B, Utah Light Artillery, Lieutenant Gibbs and Grow respectively.

The intrenched line at this time extended from the Bay east about two hundred and fifty yards, ending at the east side of the Cavite, and Manila roads. Major H. C. Cuthbertson in command during the day placed the Second Battalion, composed of Co's A, C, H and I, Major Everhart Bierer commanding, and the Utah Light Artillery in the entrenchments, and Co.'s D and E, of the First Battalion, in reserve about two hundred yards in the rear of the centre of the advanced line. Co. K position was about the same distance in rear of right of line, and east of the Manila road, and it furnished outpost and picket from a point seventy-five yards east of its position, and in a curved line to the north and west, the most westerly outpost being probably sixty feet to the right of the Manila road and about the same distance north of the prolongation of the entrenched line, with picket posts to the front in the small brushy timber. Between the right of our defensive line at the Manila road, and the outpost was a piece of bamboo growth, extending north and almost impenetrable for a body of troops.

A second reserve composed Battery H, 3rd U. S. Light Artillery, armed as infantry, composed of one hundred and seventy four men, was posted at the intersection of the Manilla and Pasai roads, and at the Pasai about three-quarter miles to our rear. During the day there

was no movement or firing of any account from the enemy or our forces, our troops being engaged in strengthening their works. About eleven o'clock P. M. the enemy opened a heavy fire of shell from four pieces of artillery, which continued for half an hour, but caused no material damage to our works nor causalities to our troops; he then advanced a heavy line of infantry, firing by squads, until within about four hundred yards of our line, when halting, he delivered many volleys, from the entire line, continuing about three hours.

When this volley firing continued about half hour the enemy evidently removed a part of his line from the extreme right at the beach, and again opened fire from two pieces of artillery with shell and shrapnel.

The causalities to our troops behind our entrenched line during the entire engagement were one man killed and four wounded. About 11.30 P. M., the enemy advanced a line of infantry toward a point east of and in prolongation of our entrenched line, with the evident intention of turning our right flank. Seeing this danger, Major Cuthbertson, withdrew the pickets and outposts, advanced the reserve and made this position as follows: Co. K, Captain Crago, about sixty feet to the right of the road (eastern end of entrenched line), left resting on a dense thicket of heavy bamboo; line extending east of entrenched line; Co.'s E, J. A. Loar, and D, Captain F. B. Hawkins, prolonged this line to the right in order named.

When this new line had been placed in position the enemy, firing heavily, had advanced to within two hundred yards of the same; our troops met this advance with continuous volley firing, checking his movement at about two hundred yards from our front. Being indisposed I was not present with the command until the heavy firing warned me that my command was engaged in battle. I then went to the front with twenty-eight men of the regimental guard, of whom nine were members of Co. B. On my arrival on the battle line at 11.45 o'clock P. M., Major Cuthbertson informed me that he had just been reinforced by half of Battery H, 3rd U. S. Art., Lieut. O'Hara in command; they were placed in position near the right of our entrenched line, and rendered most excellent service. About 12.15 o'clock A. M. August 1st, Battery K, 3rd U. S. Art., Captain O'Hara in command arrived, and was posted near the centre of our line. Co. I of my command then formed a double line on the extreme right of our entrenchment. When passing Brigade Headquarters on my way to the front, General Greene suggested my sending an officer for additional ammunition. Lieut. Scott, Bat. Adjt., was charged with this duty, and acted so promptly, that when our supply was alarmingly low, we were fully supplied.

The battle continued without much abatement until about 1.30

o'clock A. M., when the enemy retired from our extreme right; about this time a battalion of the 1st Cal. Inf., sent by Genl. Greene as reinforcements, arrived; one of these companies, A, was posted on the left of our line at the beach, the other three with a detachment of Bat. H, 3rd U. S. Art., relieving Co.'s D, E and K of my command on the right. About 2 o'clock A. M. the enemy again opened fire with artillery and occasional volleys from the infantry, in our direct front until three o'clock A. M., when our troops returning volley for volley, the enemy retired and all firing ceased. In this engagement I estimate that not less than one hundred thousand rounds of ammunition were expended by the enemy, and about sixty thousand rounds by our troops, the 10th Penna. alone using thirty-seven thousand rounds. The casualities behind the entrenched line were small, while in the three unprotected companies about one in four were either killed or wounded. In this engagement there was six killed and twenty-nine wounded.

The troops engaged in this action are to be highly commended for their bravery, many of them were under fire for the first time; of those of the 10th Pennsylvania, probably not over fifty per cent. had ever been in action; of the other troops I have no knowledge; but all stood like veterans, never yielding an inch from their position. I desire, however, to especially speak in terms of highest praises of the gallantry displayed by the officers and men of companies D, E and K, placed in a most dangerous and unprotected position, attacked by a vastly superior force; they held the line assigned to them for over two hours, and when relieved, in an orderly manner, brought their dead and wounded comrades to a place of safety. The officers and men of the detachments from Batteries A and B, of the Utah Light Artillery, were cool and collected in action, and nobly acted the part of model American Soldiers. I particularly appreciate and our troops are very grateful for the promptness with which the officers of Batteries H and K, 3rd U. S. Art., marched their commands to our relief, and the fearless manner they performed their duty, as at that time not over one thousand rounds of ammunition remained in our entire force. To Col. Smith and his battalion of the 1st Cal. Inf., sent to our assistance by General Greene, we owe much; their timely arrival, prompt and intelligent action, saved our weakened right, and made our resistence sure. While every officer promptly and fearlessly performed their duty, Maj. H. C. Cuthbertson is entitled to much credit for the able manner in which he made disposition of the troops and the gallant soldierly qualities he displayed as commander during the main part of the engagement. The hospital of the command in charge of Asst. Surgeons Coffin and McCormick, was established about two hundred and fifty yards in rear of the line near the beach; the selection was unfortunate, as its position was in

the line of fire, yet I am pleased to report that while the entire medical corps were under fire, with no adequate appliances for comfort and no lights but candles, the wounded received the necessary aid, and the lives of at least five of the wounded were saved by the faithful promptness of the hospital corps.

From August 1st to morning of the 13th, the 10th Penna. performed its share of outpost duty, entrenching as detailed at various times, without any incident worthy of mention; being on such duty for twenty-four hours, ending on the morning of this date, we were relieved at the entrenchments by the 1st Colorado and 18th U. S. Inf., at 7.30 A. M., receiving orders to return to camp, furnish the command with two days cooked rations, two hundred rounds of ammunition per man, and take post in reserve at crossing of Manila and Pasai roads, with the notice that an advance of the army on Manila was ordered and that our position was in rear of 1st Nebraska Infantry; at 9.30 o'clock A. M., a bombardment of the fortifications of Manila was begun by the American fleet, and at 10.30 the reserves started for the front. On arriving at our advance entrenchment, we saw the white flag of surrender floating over Manila; following the beach, we entered Manila via Malata and Ermita, meeting no resistance of any moment, probably fifty shots being fired at my command in the latter town without damage to our troops.

Very respectfully,

(Signed) A. L. HAWKINS,
Colonel.

The following general order was issued by Brigadier General Greene:

Headquarters, Second Brigade, U. S. Expeditionary Forces,
Camp Dewey, near Manila, Aug. 1, 1898.

General Orders,
No. 10.

The brigadier general commanding desires to thank the troops engaged last night for the gallantry and skill displayed by them in repelling such a vigorous attack by largely superior forces of the Spaniards. Not an inch of ground was yielded by the Tenth Pennsylvania Infantry and Batteries A and B, Utah Light Artillery, stationed in the trenches; the Battalion, Third U. S. Artillery and First Regiment California Infantry, moved forward to their support through a galling fire with the utmost intrepidity. The courage and steadiness shown by all in their first engagement are worthy of the highest commendation.

The dead will be buried with proper honors under the supervision of regimental and battalion commanders at 3 o'clock to-day, on the yard of the convent near Maricaban.

By Command of Brigadier General GREENE,
W. G. BATES,
Assistant Adjutant General.

From August 14th, 1898, until February 4th, 1899, the companies of the Tenth Regiment, except companies A and B, performed guard patrol and outpost duty in and around the city of Manila. Companies A and B under the command of Major Cuthbertson were on December 1st, 1898, ordered to change station to Corregidor Island to guard the convalescent hospital.

On February 5th, a general advance was ordered, the Tenth Pennsylvania being directed to advance upon and capture the Chinese hospital, from which they succeeded in driving the enemy after a stubborn engagement. The advance was continued in the afternoon of this day, the regiment driving the enemy from the De la Loma church and blockhouse. Here the command was halted and the Division Commander indicated a position to be occupied by the regiment, and upon which point they built an entrenchment and occupied the same until March 25th. Colonel Hawkins makes the following report of the operations of the command "from the evening of the 4th to that of the 10th, inclusive:"

Headquarters Tenth Pennsylvania Infantry, U. S. A.,
In the Field, near Caloocan, February 17, 1899.

Lieut. Phil. W. Russell, A. A. A. G. 1st Brig., 2d Div., 8th A. C.:

Sir: In compliance with instructions from Headquarters First Brigade, dated February 10, 1899, I have the honor to make the following report of the operations of this command from the evening of the 4th to that of the 10th instant, inclusive.

At 10.15 P. M., on the 4th instant, I was notified by the Brigade Commander that an attack was being made by the Insurgents on our line of outposts, and I was directed to move four companies of my command, namely, D, E, H and K, and place them on the line previously selected and which was occupied by sixty of my men under Lieutenant Buttermore as an outpost. This was promptly done. Company C being left on Calle de Iris to patrol same, and Company I, by order of the Brigade Commander, was sent to Brigade Headquarters to guard the same and streets adjacent thereto. Companies A and B were on special duty at Corregidor Island at this time under command of Major H. C. Cuthbertson. When my troops arrived on the line, I found the outposts had sustained a heavy oblique fire from Block House No. 4 and from a considerable force stationed at the Chinese Hospital, directly in our front. At this time no advance had been made by the enemy and no casualties resulted from his fire, the outpost being well protected in the rear of dykes in the rice field. Soon after our arrival the cross fire from the Block House ceased and a heavy fire was opened from the Chinese Hospital and other buildings on its flanks. I sent out a line of skirmishers in command of Lieutenant Blaine Aiken, and disposed of my main line in rear of dykes behind the advanced line. During the night the enemy made two advances on our lines in considerable force, but they were easily checked by our line of skirmishers. Just at the gray of dawn the enemy made a somewhat determined advance in force, which was also checked by the advance line. Our main line did not fire a shot during the night. After daylight I asked Captain Grant, commanding the Utah Battery stationed at or near the Chinese cemetery on the Bulumbayan road, to shell the hospital and line in my front as I desired to make an advance. After a half hour's

firing of shell and shrapnel, I signalled "cease firing," and advanced my entire line rapidly on the enemy's position. He replied with heavy volley firing, but when within three hundred yards of his line I ordered a charge, and when our troops were within two hundred yards of his line he made a precipitate retreat. The fire of the enemy was very high and wild, and the only casualties at this time were one man slightly wounded in the hand and one man shot through the right lung.

After our possession of the Chinese Hospital and Sangleyes Road, I believed that our line was too far to the right and extended it about one hundred and fifty yards to the left, which I subsequently found to be a mistake, as there was an interval between the right of our line and the left of the First South Dakota. I ordered all the "shacks" which the enemy had occupied burned on each flank of the Chinese Hospital. After observing the direction of the fire of the enemy and the strong position held by them, and believing that this position was not a safe one to hold, I ordered my regiment to continue its advance to the front through a valley immediately in front of said hospital. We advanced about six hundred yards and were met by a heavy fire from the Insurgents from the Red Church, to the left of the Chinese cemetery, and from the bushes and old Spanish breastworks on the ridge to the right. A stand was made at this place. Major Everhart Bierer, who was in command of my left wing, was wounded here and forced to retire. At this I realized that my right was unprotected and the interval between my right and the left of the First South Dakota was too great. I sent Lieutenant Colonel James E. Barnett, with Companies E and H of this command, to extend our right, who in a few minutes sent an orderly notifying me that his force was insufficient to close the interval. Captain Grant, with two pieces of the Utah Artillery, a few minutes before this had arrived on the Sangleyes road, and with one piece from the road opened fire on the Red Church over our heads, but failed to check the fire. In a few minutes both pieces were moved about one hundred yards from Sangleyes road up to the road leading to the Red Church. About this time I moved my command by the right flank from the valley to the ridge on the right and posted them along the wall of the Chinese cemetery. A survey of the situation disclosed the enemy in strong force, in our immediate front at and near the Chinese White Church de la Loma and along the brow of the ridge to the left and southeast of same. This line was also connected from the right of the Chinese White Church to the Red Church above referred to. The enemy appeared to be in strong force, but much stronger at the Chinese White Church and on the ridge to its left than on the line extending to the right and ending at the Red Church. The artillery now opened a heavy fire on the Chinese White Church de la Loma and ridge to the left and continued for fully a half hour. I then moved my command inside the Chinese cemetery, formed a new line facing the church and ridge to its left, and ordered an advance. Major J. F. Bell, of the Engineer Corps, reporting to me on the line, I assigned him to command of my left wing, and during the subsequent advance and operations of my command he rendered most valuable service, and I desire to say that for the conspicuous gallantry and bravery displayed by him he is entitled to the highest commendation. Our line advanced, firing, in the face of a galling fire from the enemy, and when within about three hundred yards of their line a charge was ordered which swept him from his position and he retreated rapidly to the north by way of the stone block house north of the Chinese White Church de la Loma. The center of our force reached the wall enclosing this church, advanced inside the enclosure sufficiently far to discover that no troops were lodged in the building, and I then divided my force, the left passing around to the west side and the right to the east side. At this tir

Lieutenant Colonel Barnett, in command of our right, composed of Companies E and H of the Tenth Pennsylvania and one company of the First Montana, together with a detachment of the First South Dakota under command of Colonel Frost, marching obliquely to the left, arrived on east side of the church wall. In command of my right I passed around the northeast corner of the walled enclosure and with my left wing surrounded the block house above referred to, from which the enemy was just retreating. I then formed a line north of the block house facing Caloocan, this line being prolonged to the right by Colonel Frost with a detachment of First South Dakota. At this point we were ordered to halt by the Division Commander and while firing at the retreating enemy. No further advance was made by this command. Major General MacArthur, Commanding Second Division, indicated a line to be occupied by the troops of this command, which extended from the tower in the rear of the church in an easterly direction, slightly inclined south, which has been strongly intrenched, and since the evening of the 5th instant we have remanied passive in this position.

I desire to speak in the highest terms of praise of the gallantry displayed by the officers and troops of this command. They were subordinate and obeyed every order with intelligent alacrity. I especially desire to commend the gallant conduct of First Lieutenant Blaine Aiken, Company H, and First Lieutenant George L. Gordon, Company K, of this command, who, during the operation of this date, were in command of the advance firing line of my command. Their cool, courageous conduct and cheering words were an inspiration to the troops under their command. Captain H. J. Watson, whose Company (B) is stationed at Corregidor Island, arrived in Manila on business in the afternoon of the 4th, instant, and when this command was ordered to the front he desired an assignment for duty. First Lieutenant James Harkins, Company E, being Acting Quartermaster and Commissary, and Second Lieutenant John G. Thompson, being sick, he was assigned to duty with Company E, and performed most excellent service.

On Friday, 5th instant, we buried forty-two of the enemy's dead found in front of our line, including one field officer, one captain and one first lieutenant. In addition three wounded Insurgents were captured and taken to the rear, where they received the care of our surgeons, and one unwounded Insurgent was taken and turned over to our authorities in the walled city.

On March 25th, 1899, the Second Division, to which the Tenth Regiment was attached, began an advance to the north, the Tenth Regiment occupying the extreme left of the Second Brigade. The regiment pursued the enemy until dark, when a halt was ordered at the Tuliahan river for rest and supper. After supper the regiment marched two and one-half miles to a position in the line which had been established for the night. On March 26th, the command still advanced, the Tenth Regiment capturing the village of Obando and town of South Meycanayan, which they held during the night. On the morning of the 27th, the regiment was placed in reserve. A spirited engagement took place during the day and at dark the regiment was moved from the town of Marilao and across the river to the firing line. It halted there for the night and next morning took up the march to Malolos, which was reached on March 31st. Here the regiment remained, performing outpost and guard duty until April

14th, when it was ordered to Manila. Upon reaching Manila orders were received to proceed at once to Cavite and relieve the 51st Iowa Infantry, which regiment was on garrison duty at that place. Colonel Hawkins was appointed to the command of the military district of Cavite, which he relinquished on account of illness on May 11, 1899, and went to Convalescent Hospital. Upon the recommendation of Col. Hawkins, Lt. Col. Barnett was placed in command of the District and retained it until July 1, 1899. The District of Cavite embraced the Island of Corregidor, and the troops of the District consisted of the California Heavy Artillery acting as infantry, the Nevada Cavalry, the Wyoming Light Artillery, and the Tenth Pennsylvania Volunteers. The Tenth Regiment, with the exception of companies A and B, was quartered in the town of Cavite and performed guard and patrol duty. On May 14, 1899, companies A and B, which had been relieved from duty at Corregidor Island, returned to the regiment. From April 15th until the 28th of June, the regiment was called up to furnish scouting parties and to reconnoiter the country about Cavite, often meeting with the enemy and securing most valuable information.

On June 22nd, orders were issued by the Commanding Officer of the Department, directing the regiment to embark on the transport "Senator" for the United States for muster-out of the service at San Francisco, California, but owing to the delay in the arrival of troops that were to relieve the Tenth Pennsylvania, their departure was delayed until June 29th and 30th. All property had been turned in to the Department at Manila, and the regiment sailed on July 1st for San Francisco, California. The voyage home was through a part of Japan, stopping at Nagasaki, remaining there for five days; touching next at Yokohama, at which place the members of the regiment were given shore leave.

Colonel Alexander L. Hawkins, commanding the regiment, died on board the transport "Senator" at sea on July 18th. His remains were viewed by the regiment for the last time on the afternoon of July 19th. From the time of his death on July 18th, until the arrival of the transport in the Bay of San Francisco on August 1st, the ship's flag was carried at half-mast, and was a mute signal that conveyed to the waiting populace the bereavement that the regiment had undergone in the death of its commanding officer. The regiment disembarked on August 3rd. On August 5th the funeral services were held in the Masonic Temple at San Francisco in honor of the distinguished dead, after which the remains were sent under proper escort to Washington, Pa., the home of Colonel Hawkins.

The regiment went into camp immediately upon disembarking at Camp Presidio and preparations were made immediately for the

muster-out of the regiment, which occurred on August 22, 1899, after a service of sixteen months. Preparations were made for an enthusiastic welcome to the command on the part of the city of Pittsburg, and a committee from that city was sent to San Francisco to accompany the regiment on its return trip. A special train of three sections was provided, and on the morning of August 28th the regiment arrived at New Brighton, Pa., where it was accorded a splendid reception and given breakfast, after which they proceeded to Pittsburg, arriving there about two o'clock P. M., and receiving a most enthusiastic welcome, participated in by the military and civic organizations, the President of the United States, the Governor of Pennsylvania, Major General Merritt and Brigadier General Greene, both of whom had been the regiment's commanders in the Philippine Islands. The closing exercises, reception and welcome were held in Schenley Park, Pittsburg, after which the several organizations composing the Tenth Regiment, Volunteer Infantry, proceeded to their several home stations.

The various companies were at once recruited to seventy-eight officers and enlisted men, and on May 12th, 1898, the regiment was mustered into the United States service as the Fourteenth Regiment, Pennsylvania Volunteer Infantry.

The regiment remained at Mt. Gretna, Pa., until June 12th, when in compliance with orders from the War Department it proceeded to Fort Mott, N. J. FIFTEENTH REGIMENT, PENNSYLVANIA VOLUNTEER INFANTRY.

The Fifteenth Regiment, National Guard of Pennsylvania, was composed of eight companies from the counties of Erie, Crawford, Clarion, Butler and Mercer. The companies were located as follows: A and C at Erie, B at Meadville, D at Clarion, E at Butler, F at Grove City, G at Sharon, and K at Greenville. The Regiment reported at Mt. Gretna, Pa., in the early morning of April 28, 1898. It was reviewed by the Governor on May 3d, after which the roll was called and officers and men given an opportunity to volunteer. The various companies were recruited to seventy-five enlisted men, and on May 10th, Companies A, B, C, G and K were mustered into the United States service, followed on May 11th by Companies D, E and F and Regimental Headquarters. The Regiment was mustered as the Fifteenth Pennsylvania Volunteer Infantry, with a total strength of thirty-six officers and six hundred and five enlisted men. The several companies were afterwards recruited to three officers and one hundred and six enlisted men each. The Regiment remained at Mt. Gretna, Pa., until June 11th, when in accordance with Special Orders, No. 122, Headquarters Department of the East, it proceeded to stations at Sheridan Point, Virginia, and Fort Washington, Maryland. Regimental Headquarters and Companies A, B, D, F, G and K arriving at Sheridan Point, Virginia, June 12, 1898, Companies C and E, under command of Lieutenant Colonel Mechling, arrived at Fort Washington, Maryland, same date.

In pursuance to Special Orders, No. 134, Headquarters Department of the East, Governor's Island, N. Company E was assigned to the care, preservation and drill of Emplacement C, having two 10-inch guns on disappearing carriages to handle, drilling regularly from the 20th day of June to the 8th day of September. Company C was assigned to the 10-inch Barbette gun and the water battery, one 15-inch M. L. S. B. smooth bore, the men of the entire command continuing regular infantry, company and battalion drills.

On June 25, 1898, the battery on Emplacement C was inspected by Major Crozier, the inventor of the carriage, accompanied by Major Greenough, at which time the guns were fired twice, with a solid cast

iron shot. Both the preliminary drill and firing were done with accuracy and celerity, receiving the commendation of the inspectors.

Pursuant to telegraphic instructions from the War Department, the Regiment was relieved from duty at Sheridan Point, Virginia, and Fort Washington, Maryland, on September 9, 1898, under orders to proceed to Camp George G. Meade, Pa., and report to the commanding general of the Second Army Corps for duty. The command left at 6 P. M., on the 9th day of September, arriving at Middletown, Pa., September 10th, at 8 A. SIXTEENTH REGIMENT, PENNSYLVANIA VOLUNTEER INFANTRY.

The Sixteenth Regiment, National Guard of Pennsylvania, was composed of eight companies, located in the counties of Erie, McKean, Venango, Elk, Warren and Crawford, as follows: Company "A" at Erie, Company "C" at Bradford, Company "D" at Oil City, Company "E" at Cooperstown, Company "F" at Franklin, Company "H" at Ridgway, Company "I" at Warren, and Company "K" at Titusville.

Pursuant to the orders of the Governor, the regiment proceeded to Mt. Gretna, Pa., arriving there on the morning of April 28, 1898. On May 3rd, the regiment was reviewed by the Governor, and immediately thereafter the roll was called and officers and men given an opportunity to enlist. Every officer and enlisted man present with the regiment responded affirmatively. Each company was immediately recruited to seventy-five enlisted men, and on May 10th the regiment was mustered into the United States service as the Sixteenth Regiment Pennsylvania Volunteer Infantry.

On May 12th, this regiment and the Fourth Regiment were directed to proceed to New York city to embark on transports for Key West, Florida. This order was eventually countermanded. The regiment remained at Mt. Gretna until May 15th, when under orders from the War Department it proceeded to Chickamauga, Georgia, arriving there May 17th. It was assigned to the Third Brigade, First Division, First Army Corps. The Brigade was commanded by Col. W. J. Hulings from May 17th until the departure of the regiment for Porto Rico. By June 26th, as per orders from the War Department, the several companies had been recruited to one hundred and six enlisted men to each company. On July 2, 1898, in compliance with S. O. No. 43, Headquarters First Army Corps, dated June 30, 1898, Lieutenant Colonel Rickards was directed to proceed to Pennsylvania for the purpose of supervising the recruitment of four additional companies to form the third battalion of the regiment. The companies were recruited as follows: Company "B" at New Castle, Lawrence county; Company "G" at Kittanning, Armstrong county; Company "L" at Punxsutawney, Jefferson county, and Company "M" at Jeannette, Westmoreland county. (The third battalion did not reach the regiment until October 11th; see history Third Battalion herewith.)

On July 4, 1898, the regiment was assigned to the First Brigade,

First Division, First Army Corps, and made part of the command that was to proceed to Porto Rico. The regiment left Chickamauga July 5, 1898, for Charleston, South Carolina, arriving there July 7th. The regiment received marked courtesies and hospitality from the people of the city.

On July 20th, Col. W. J. Hulings was directed by General Wilson to embark upon transport No. 21, and to proceed under orders not to be opened until at sea. The embarkation of troops and stores occupied the night of July 20th, and the day of July 21st. At eight o'clock P. M., July 21st, the transport weighed anchor, steamed into the bay and laid by until morning of July 22nd, the draught being too great to attempt to cross the bar that night. The transport put to sea on the morning of July 22nd. The sealed orders directed the regiment to proceed to Fajardo, where it arrived on the morning of July 27th, but finding a fleet in the harbor, Colonel Hulings directed the navigator to proceed along the coast in search of General Wilson, who had left Charleston, S. C., on July 20th, on the U. S. Transport "Obdam." General Wilson was found at Ponce on the morning of July 28th. The Sixteenth Regiment disembarked at once and that evening marched through Ponce and bivouacked some two miles beyond the city. During the night Captain Wheelock, of Company "I," and a detail of fifty men were ordered forward to El Coto, which place he entered about daylight, the Spanish rear guard retiring as he approached. A number of prisoners and a quantity of arms and supplies were captured.

July 30th, the regiment moved from Ponce to El Coto and encamped, thence to Juana Diaz, August 2nd, and on August 4th encamped on the Rio Desealabro, seven miles east of Juana Diaz. On July 31st, Companies "A" and "I" were sent forward some five miles to Juana Diaz, a town of some 6,000 population. The next day this detachment was reinforced by Companies "C" and "H." Captain Burns, of Company "C," assumed command of the battalion. August 3rd, General Wilson commanding the Division, ordered the regiment to move forward and take possesion of the Desealabro bridge, which it was deemed important to possess. The regiment remained at this point, sending out reconnoitering parties daily until August 8th. On August 7th, the Krag-Jorgensen rifles were issued to the command. On August 8th, General Ernst, commanding the Brigade, informed Colonel Hulings that the Brigade would be up that afternoon for an advance in force, and that the Sixteenth should take the rear of the column. Colonel Hulings remonstrated against such an assignment and was finally ordered to make a night march and turning movement round the Spanish post at Coamo, seize the military road beyond Coamo and intercept the Spanish retreat, or make an attack in rear, while the Brigade made a front attack against

the enemy's position, some two and one-half miles in front of the town.

At five P. M., August 8th, leaving all baggage and sick men, the camp standing and a guard of fifty men, the regiment proceeded in rear of the Brigade, out the military road for about two miles, where the Brigade went into camp for the night. The Sixteenth Regiment, turning to the left, took a trail through the broken mountain country. After marching single file for about five miles, bivouacked for the night. Lieutenant Colonel Biddle and Captain Gardner, of General Wilson's staff, were sent as guides. On arriving at the top of the mountain overlooking the Coamo river, Lieutenant Colonel Biddle informed Colonel Hulings that the country ahead was new to him and he could no longer guide the regiment. The regiment moved down the mountain side to the river. While fording it, the artillery opened fire on the Spanish blockhouse in front of the town, some three and one-half miles to the right and rear. Two distinct lines of battle were simultaneously engaged. After much desultory fighting and a stubborn contest of an hour and five minutes, the enemy surrendered. The enemy's loss was eleven killed, about seventy-one wounded and one hundred and sixty-seven prisoners. The loss of the regiment was six wounded and one killed.

On the 12th of August the regiment was again ordered to make a flank march against the Spanish stronghold at Aybonita, and, with three days' rations and 150 rounds of cartridges, were ready to move, when the Protocol caused orders to be countermanded. The regiment then formed camp near the battlefield of Coamo, remaining there until October 1st, when orders were received to march to San Juan. After the day's march in almost incessant rain, the regiment arrived at Cayey, and after remaining there two days, were ordered to Playa de Ponce, at which point they arrived October 10th, and were joined by Lieutenant Colonel Rickards and the Third Battalion, which had reached Porto Rico the 22nd of September, but were held at Ponce until October 11th. On the 11th of October the regiment sailed for the United States. Arriving in New York on the 17th, Colonel George C. Rickards assumed command of the regiment, Colonel Willis J. Hulings having been appointed Brigadier General U. S. Volunteers. By order of the Secretary of War, the regiment was furloughed for sixty days and the officers placed on waiting orders, and on December 28, 1898, the regiment was mustered out of the service.

Record of Organization and Movements of Third Battalion.

In compliance with G. O., No. 43, Headquarters, First Army Corps, Department of the Gulf, Chickamauga Park, Georgia, June 30, 1898,

Lieutenant Colonel George C. Rickards, Sixteenth Pennsylvania Volunteer Infantry, proceeded to Pennsylvania, and recruited one company of three officers and one hundred and six enlisted men in each of the following places: Kittanning, New Castle, Punxsutawney and Jeannette; and while at Punxsutawney received further orders from Major General J. H. Wilson, commanding First Division, First Army Corps, "to recruit fifty-two men for original companies of the Sixteenth Regiment, at Oil City, Pa." But forty-seven were obtainable at Oil City and the battalion and extra men went forward on the 21st day of July to Chickamauga, Georgia. By order of General Brooke, to whom Lieutenant Colonel Rickards reported on July 23rd, he was assigned to the command of this battalion. On July 26th orders were received to prepare battalions for embarkation to Porto Rico. On July 25th received orders to report at railway station at Rossville, eight miles distant, at 6 o'clock A. M., July 26th. Embarked on train at Rossville at 1.30 P. M., and arrived at Newport News at 4 o'clock A. M., July 27th. By order of Brigadier General Grant the detachment was ordered to embark on the steamship "Rio Grande." Orders were subsequently received delaying the movement, during which time General Grant embarked, leaving orders that the detachment of the Sixteenth was to embark on the following day. Colonel Culver, of the Fifth Illinois, assumed command of the Brigade. Orders received from the Adjutant General of the Army, through Colonel Culver, commanding Brigade, directed that no men of the Sixteenth be forwarded to Porto Rico, and ordered the detachment to Camp Meade, Pa., where it moved August 18th. On September 10th received telegraphic instructions from the Adjutant General of the Army to prepare battalion for embarkation to Porto Rico. On September 13th the battalion left Camp Meade for New York City, embarked on Steamship "Obdam" on the evening of September 14th, at 9 o'clock. Arrived at Ponce at 8 o'clock A. M., September 22nd. The battalion was kept on board until Sunday morning, September 25th, when it disembarked and went into camp on a site selected by General Henry, about six miles from the Port of Ponce. On October 10th received orders to prepare the battalion for embarkation to proceed to the United States with the Sixteenth Regiment. The following day the battalion joined the regiment.

EIGHTEENTH REGIMENT, PENNSYLVANIA VOLUNTEER INFANTRY.

The Eighteenth Regiment, National Guard of Pennsylvania, composed of eight companies, located in the city of Pittsburgh, in compliance with the orders of the Governor, left Pittsburgh on the night of April 27, 1898, for Mount Gretna, where it arrived at two P. M. the following day, with thirty-four officers and four hundred and eighty-four enlisted men present. On May 3rd, the regiment was reviewed by the Governor and immediately thereafter when the roll was called and the officers and men given an opportunity to volunteer for service in the United States Volunteers in the war with Spain, every officer and enlisted man answered in the affirmative. Subsequently one officer and about thirty enlisted men were rejected upon physical examination. May 9th, one hundred and fifty recruits were transported from Pittsburgh in order to bring the strength of each company of the regiment to seventy-five enlisted men, and on May 11th, Companies B, C, F and G were mustered into the United States Volunteer service, followed by Companies A, D and H on May 12th, and Company E and the Field and Staff on May 13th.

The regiment remained at Mt. Gretna, and on June 4th Company F, Captain S. W. Jefferis, under orders from the Headquarters Department of the East, was detailed for duty at Alliance, Ohio, to guard the works of the Morgan Iron Company, reporting to the commanding officer of the Department of the Lakes, Chicago, Illinois. Company F remained there until August 24th, when it joined the regiment at Camp Meade, Pa.

On June 7th, orders were received from the Headquarters Department of the East, to move the balance of the regiment to Battery Point, on the Delaware Bay, below Delaware City, which movement was executed on June 17th. On June 15th, seventy-one recruits were added to the regiment. On June 23rd, under orders from Headquarters Department of the East, dated June 18th, Companies D, E and H, under command of Major John C. Kay, proceeded to Fort Brady, Michigan. Subsequently Company D, Captain Frank E. Doak, was detached from the battalion and detailed for duty at Fort Wayne, Detroit, Michigan, guarding the locks of the Sault Ste Marie Canal until August 23rd, when it rejoined the regiment at Camp Meade, Pa.

On June 22nd, orders were received to move the command from Battery Point to Camp Meade, near Middletown, Pa. Similar orders

were issued to the First Battalion with companies at Fort Brady, Michigan; Fort Wayne, Detroit, Michigan, and Alliance, Ohio. The Second Battalion reached Camp Meade on August 22nd, the First Battalion August 25th, and the regiment was then assigned to the Second Army Corps.

Under telegraphic orders from the Secretary of War, dated September 2nd, the regiment proceeded to Pittsburgh on September 11th, preparatory to muster-out of the United States Volunteer service. Furlough was granted the regiment for thirty days, afterward extended ten days additional, when the Eighteenth Regiment Pennsylvania Volunteer Infantry was finally mustered out October 22, 1898.

LIGHT BATTERY "A," PENNSYLVANIA VOLUNTEER ARTILLERY.

Battery "A," First Brigade, National Guard of Pennsylvania, located in Philadelphia, Captain Barclay H. Warburton commanding, in compliance with the orders of the Governor of Pennsylvania, reported at Mt. Gretna, Pa., on Thursday, April 28, 1898, for the purpose of volunteering in the war with Spain, and was mustered into the United States Volunteer service on May 6, 1898, as Light Battery "A," Pennsylvania Volunteer Artillery, and consisted of four officers and seventy-eight enlisted men. This battery was the first volunteer organization mustered into the United States service from the State of Pennsylvania.

In compliance with Special Orders No. 101, Department of the East, dated May 9, 1898, Light Batteries "A" and "C," Pennsylvania Volunteer Artillery, on May 10, 1898, proceeded by rail to Newport News, Virginia, arriving May 11th. They were assigned to duty guarding the ship yards of the Newport News Ship and Engine Building Company, where ships were under construction for the United States government. Camp was established on ground adjoining the ship yards. The battery remained at this point performing the usual camp and guard duties until August 4, 1898, when it was ordered to report to Major General Miles, commanding United States Army, at Port Ponce, Porto Rico. The battery embarked on the U. S. transport "Manitoba" August 5, 1898, and arrived at Porto Rico August 10, 1898, where camp was established. The commanding officer reported to General Miles, and the battery was detailed for duty at the Headquarters of the Army. Shortly after landing the camp was moved to a point two miles beyond Ponce. On August 30, 1898, the battery was ordered home and embarked on September 3rd on S. S. "Mississippi," arriving in Jersey City, N. J., September 10, 1898, moved to Philadelphia and was furloughed for sixty days preparatory to muster-out. While in the U. S. Volunteer service the battery's full complement consisted of four officers and one hundred and sixty enlisted men. Five enlisted men were lost by death between the dates of muster-in and muster-out of the Volunteer service. During the furlough Battery "A" participated in the Peace Jubilee celebration in Philadelphia, and were finally mustered out of the United States Volunteer service on November 20, 1898.

LIGHT BATTERY "C," PENNSYLVANIA VOLUNTEER ARTILLERY.

Battery "C," National Guard of Pennsylvania, located at Phoenixville, Chester county, Pa., in compliance with the orders of the Governor of Pennsylvania, proceeded to Mt. Gretna, Pennsylvania, on April 28, 1898, for the purpose of volunteering as part of the quota of volunteers to be furnished by Pennsylvania in the war with Spain. Fifty officers and men volunteered and these together with thirty recruits were mustered into the United States Volunteer service May 6, 1898, as Light Battery "C," Pennsylvania Volunteer Artillery.

On the evening of May 10th, in compliance with Special Orders No. 101, Headquarters Department of the East, dated May 9, 1898, Battery "C" left Mt. Gretna, Pennsylvania, for Newport News, Virginia, where it arrived on the morning of May 11th, and was assigned to duty guarding the ship yards of the Newport News Ship and Engine Building Company. The War Department on June 13th ordered the battery recruited to a war footing, and on June 23, 1898, ninety-three recruits were added. Orders received August 3rd directed the battery to proceed to Porto Rico. The battery embarked on the transport "Manitoba" and left Newport News on the evening of August 5th, arriving at Porto Rico on the morning of August 11th. Two days later the battery disembarked and went into camp near Ponce, where it remained until August 20th, when camp was changed to a point near Quintana Spring, about two miles distant from former camp. Here it remained until September 8th, when it embarked on the transport "Alamo" for New York, where it arrived September 16, 1898, and the same day proceeded to Phoenixville, Pa., and received a hospitable welcome. On September 17th a verbal furlough of sixty days was given the men. The battery reassembled on Novmber 17th and remained at the armory, where on November 28th they were mustered out of the United States service.

LIGHT BATTERY "B," PENNSYLVANIA VOLUNTEER ARTILLERY.

On the evening of April 27, 1898, in compliance with the orders of the Governor, Battery "B," National Guard of Pennsylvania, located at Pittsburgh, left that city and proceeded to Mount Gretna, Pa., for the purpose of volunteering in the United States Volunteer service in the war with Spain. The battery reported with six officers and sixty-seven men, and forty-nine men not members, but intended as recruits to be mustered into the United States service with the battery. The quota fixed for the battery as a United States Volunteer organization was four officers and seventy-six men, and with this number the battery was on May 8th mustered into the United States service as Light Battery "B," Pennsylvania Volunteer Artillery. The battery remained at Mt. Gretna until May 18, 1898, when under orders from the War Department it proceeded to Camp Thomas, Chickamauga, Georgia, arriving there May 20th, and reported to Major General Brooke, commanding First Army Corps.

Orders were received from the War Department in June, 1898, directing that the battery be recruited to one hundred and seventy-three enlisted men. Ninety-five recruits were added to the organization June 26th. On July 16th the battery was ordered to Newport News, where it embarked on the transport "Roumania" for Porto Rico on July 27th. The transport ran aground off the Port of Guanica, the battery was disembarked and remained there for twelve hours, then received orders to proceed to Ponce and report to General Miles. After landing at Ponce, orders were received for the transport to proceed to Arroyo and the battery to report to Major General Brooke. The battery arrived at Arroyo on August 4th; a detail of the battery built a wharf for unloading purposes and also built a bridge over a creek on the road to Guayama. The bridge was eighty-five feet long and substantially built. Camp was erected at Arroyo, where the battery remained one week, when the forward movement to Guayama began, the battery moving forward and occupying the city of Guayama on the evening of August 12th, and on August 13th passing through the city and over the mountain roads towards El Cayey, arriving at a point near the summit of the mountain at nine o'clock A. M. Here the enemy were entrenched. Major General Brooke directed that the battery be put in action front in echelon. The guns were loaded and the battery waited the com-

mand of General Brooke to open the engagement, which was expected momentarily, when news was received that the Peace Protocol had been signed and hostilities should cease. The battery remained in the mountains for some days, then returned to Guayama, went into camp and remained until August 23rd, when it was ordered to Ponce, there to take transport for New York City. On September 2nd all transportation, including horses, harness, mules and wagons, was turned over to the Quartermaster's Department, and on September 7th the battery embarked on the transport "Concho," which sailed from Ponce on September 8th, and after a rough voyage arrived in New York on September 15, 1898, and were there met by the Governor of Pennsylvania. The ordnance was under orders of the Chief of Ordnance sent to arsenals at Rock Island, Illinois, and Watervliet, New York. The battery arrived in Pittsburgh on the evening of September 18th and was enthusiastically received by the citizens. Each man was furloughed for sixty days, and on November 17, 1898, the battery was mustered out of the United States service as of the date of November 27, 1898.

FIRST TROOP, PHILADELPHIA CITY CAVALRY, PENNSYLVANIA VOLUNTEER CAVALRY.

The First Troop Philadelphia City Cavalry, which has been in the National Guard of Pennsylvania since the organization of the Guard, is the oldest military organization in continuous active military service in the United States, dating back to November 17th, 1774. In compliance with General Orders No. 7, Headquarters National Guard of Pennsylvania, this troop assembled at their Armory at 5 o'clock A. M., April 28th, 1898, and at 5.45 A. M. left the Armory mounted, armed and fully equipped, and embarked on the cars for Mount Gretna, Pa., for the purpose of volunteering in the United States service during the War with Spain. They arrived at Mount Gretna, Pa., at 2.30 P. M., April 28, 1898, and on May 7th the troop was mustered into the United States Volunteer service, as the First Troop, Philadelphia City Cavalry, Pennsylvania Volunteer Cavalry and consisted of three officers and sixty enlisted men, every officer and enlisted man having volunteered. The Troop remained at Mount Gretna until July 7th, during which time the War Department directed that the troop be recruited to 100 enlisted men. On June 17th Captain Groome, as the senior officer of Volunteer Cavalry of Pennsylvania, formed the First Troop, the Sheridan Troop, and the Governor's Troop into a squadron and assumed command thereof. On July 17th, under orders from the War Department, the squadron proceeded to Camp Alger, Virginia, arriving July 8th, and was attached to Headquarters Second Army Corps. At this time the First Troop had ninety-eight enlisted men on the rolls. While at Camp Alger, Government arms and equipments were issued and the troop arms and equipments were returned to Philadelphia. Under orders from the War Department, the Squadron left Camp Alger on the evning of July 24th and proceeded to Newport News, Virginia, arriving on the evening of July 25th, when the First Troop received orders to proceed to Porto Rico. It embarked on the United States transport "Massachusetts," which sailed at noon July 28th, 1898; three officers and ninety-nine enlisted men, 105 horses and 16 draft mules, and four drivers. On August 3rd the transport arrived off Ponce, Porto Rico, and ran aground on a coral reef, delaying disembarkation, but the Troop, with their arms and equipments, were taken off in lighters, landed at the Playa of Ponce, and bivouacked about the Cathedral

Virgin del Carmen, being the first Cavalry landed at Porto Rico. The following morning the work of lightering the horses commenced and was not completed until August 6th.

The Troop having received orders to report to Major General Brooke at Guayama, left Playa, of Ponce, August 8th, and went into camp about ten miles beyond Ponce. August 9th they joined Troop "H," of the 6th U. S. Cavalry, and acting as escort to the Hospital train, signal service, headquarters horses and wagon train, marched to Arroyo, arriving there August 10th, and reported to Major General Brooke, and went into camp about one mile from General Brooke's Headquarters. On the evening of August 12th orders were received from General Brooke for the First Troop Philadelphia City Cavalry and Troop "H," Sixth United States Cavalry, "To be on the road to Guayama at 6.20 A. M., the following morning." The two Troops proceeded to Guayama the following morning, August 13th, and reported to General Brooke about two miles beyond the town on the road to Cayey, where they were ordered to take position on the right of the line formed to attack the Spanish entrenchments at Aybonito. About 11 o'clock A. M., just as the artillery were ready to commence firing, General Brooke received orders to suspend all military operations as a Peace Protocol had been signed. The two Troops were ordered to return to Guayama and go into camp. On the 14th of August a cavalry outpost was established, two miles beyond the infantry outpost, on the road to Aybonito, overlooking the enemy's works on the mountain-side, and the two Troops alternated in furnishing the guard. Captain Scott, Sixth U. S. Cavalry, having joined "H" Troop, relieved Captain Groome of the command of the two Troops, and assumed command. August 25th the First Troop received orders to return to Ponce, and take transport for the United States. Arrived at Ponce August 26th and went into camp—on September 2d embarked on the U. S. transport "Mississippi," which sailed for New York 6 o'clock A. M., September 3d, arriving at Jersey City 7.25 P. M. September 10th. The Troop was furloughed for sixty days, and on November 21st, 1898, was mustered out of the service of the United States.

SHERIDAN TROOP, PENNSYLVANIA VOLUNTEER CAVALRY.

The Sheridan Troop of Cavalry, an organization of the National Guard of Pennsylvania, located at Tyrone, Pa., in compliance with the orders of the Governor, left its home station April 27, 1898, and with five officers and sixty enlisted men, proceeded to Mount Gretna for the purpose of entering the United States Volunteer service in the war with Spain. The Troop arrived at Mount Gretna at one o'clock A. M., April 28, 1898. Seven men of the troop failed to pass the requisite physical examination and seven declined to volunteer. Their places were filled by recruits and on May 11, 1898, the Troop was mustered into the service of the United States as the Sheridan Troop, Pennsylvania Volunteer Cavalry, with a strength of three officers and sixty enlisted men. The Troop remained at Mount Gretna until July 7th, and were not fully equipped with horses, etc., until late in July, but during the stay at Mount Gretna drilling and preparation for field service was vigorously indulged in and a high standard of efficiency was attained.

The Troop was part of a temporary squadron consisting of the following Pennsylvania Volunteer Cavalry organizations, viz: The First Troop, Philadelphia City Cavalry, the Sheridan Troop and the Governor's Troop. Captain John C. Groome, First Troop, being senior officer by virtue of priority of muster, assumed command.

On July 7th, the Sheridan Troop as part of the temporary squadron, proceeded to Camp Alger, Virginia, and was there attached to the Second Army Corps. On July 21, 1898, Captain C. S. W. Jones was commissioned Major of the battalion of Pennsylvania Volunteer Cavalry, and was mustered July 27th. First Lieutenant Luther F. Crawford was commissioned Captain of the Sheridan Troop, vice Captain Jones promoted to Major.

On July 24, 1898, the temporary squadron proceeded to Newport News, Virginia. On August 5th the Sheridan Troop and Governor's Troop, together with Light Batteries "A" and "C," Pennsylvania Volunteer Artillery, embarked on the transport "Manitoba" for Porto Rico as part of the expedition under Brigadier General Fred. D. Grant. The transport "Massachusetts," with the First Troop, Philadelphia City Cavalry, and other commands, had preceded the "Manitoba." On August 10th the "Manitoba" ran aground two miles off Port Ponce.

It took several days to transfer men and horses to other boats and lighters and finally to land, the work being pushed to the utmost so as to comply with an order from Major General Miles directing that the cavalry squadron move to the front as soon as practicable. Just as the squadron was ready to move, information of the signing of the Peace Protocol was received and the order to move forward was countermanded and the squadron ordered to move to Utuado via Adjuntas and join the force of Brigadier General Guy V. Henry. A temporary camp was established on the Cathedral grounds at Port de Ponce. Later the squadron moved to the foothills on the military road leading to Adjuntas, several miles northwest of the city of Ponce, and reported to Major General Wilson. Here two weeks were spent in camp, during which time various marches were made by detachment into adjacent mountains.

On September 3rd the battalion of Pennsylvania Volunteer Cavalry, consisting of the First Troop, Philadelphia City Cavalry, the Sheridan Troop, and the Governor's Troop, together with Troops "A" and "C," New York Volunteer Cavalry, and Light Battery "A," Pennsylvania Volunteer Artillery, sailed on the transport "Mississippi" for the United States, arriving in New York harbor and disembarking at Jersey City on the afternoon of September 10th. The Sheridan Troop proceeded the same evening to Tyrone, Pa., arriving there at eight A. M. Sunday morning, September 11th. The command was then given a sixty days' furlough and was finally mustered out of the United States service November 16th, 1898.

GOVERNOR'S TROOP, PENNSYLVANIA VOLUNTEER CAVALRY.

The Governor's Troop, a cavalry organization of the National Guard of Pennsylvania, and located at Harrisburg, Pennsylvania, in compliance with the orders of the Governor, proceeded to Mount Gretna, Pennsylvania, on April 28, 1898, for the purpose of volunteering as part of the quota of volunteers to be furnished by the State of Pennsylvania in the war with Spain, and was mustered into the United States Volunteer service as the Governor's Troop, Pennsylvania Volunteer Cavalry, on May 13, 1898, with a total strength of three officers and sixty enlisted men. The Troop continued in camp at Mount Gretna after muster-in. On June 13th forty recruits were added, making the strength three officers and one hundred enlisted men.

The volunteer cavalry organizations in the United States service from Pennsylvania were the First Troop, Philadelphia City Cavalry, Captain John C. Groome; the Sheridan Troop, Captain C. S. W. Jones, and the Governor's Troop, Captain Frederick M. Ott. These three Troops remained at Mount Gretna after muster-in and were formed into a squadron by Captain Groome, who by virtue of date of muster was the senior officer and who assumed command.

On July 7th the squadron under orders from Headquarters, Department of the East, Governor's Island, New York, left Mount Gretna and proceeded to Camp Alger, Virginia, arriving July 8th, and was assigned to the Second Army Corps and attached to Corps Headquarters. On July 24th the squadron left Camp Alger and proceeded to Newport News, Virginia, arriving July 25th. The squadron was temporarily attached first to the Brigade of General Haines, and later to that of Brigadier General Fred. D. Grant for transportation to Porto Rico. The First Troop, Philadelphia City Cavalry, was detached from the squadron and sailed for Porto Rico on July 28th on the transport "Massachusetts." On August 5th, the remaining Troops of the squadron, viz: the Sheridan Troop and the Governor's Troop, under Major C. S. W. Jones, embarked on the transport "Manitoba" for the port of Ponce, Porto Rico, arriving there August 10th. The transport ran aground just outside the harbor and the disembarkation was delayed several days. Upon landing the command was ordered to report to Major General Miles, but before the order could be complied with hostilities ceased. Camp was estab-

lished in the town of Ponce, and the two troops remained there until August 28th, when camp was moved about five and one-half miles northwest of the town of Ponce, on the road to Adjuntas, the squadron being reported to Major General Wilson, commanding First Division, First Army Corps.

The First Troop, Philadelphia City Cavalry having rejoined the battalion, the entire battalion on September 3rd left Ponce on the transport "Mississippi" for New York city. Arrived in the harbor of New York and disembarked at Jersey City on September 10th. The Governor's Troop proceeded by rail to Harrisburg, Pennsylvania, arriving there during the night of September 10, 1898. The men were given a sixty day furlough. The Troop reassembled at Harrisburg November 11th for muster out, which was completed and the Governor's Troop, Pennsylvania Volunteer Cavalry, was mustered out of the United States service on November 18th as of date of November 21, 1898.

BATTALION, PENNSYLVANIA VOLUNTEER CAVALRY.

Under date of July 20th, 1898, the Governor of Pennsylvania received telegraphic advices from the War Department that the three troops of Pennsylvania Volunteer Cavalry would be formed into a battalion of cavalry, and the Governor was authorized to commission an officer with the rank of Major to command the same. The three troops of cavalry referred to were the First Troop, Philadelphia City Cavalry, Pennsylvania Volunteer Cavalry, Captain John C. Groome; the Sheridan Troop, Pennsylvania Volunteer Cavalry, Captain C. S. W. Jones, and the Governor's Troop, Pennsylvania Volunteer Cavalry, Captain Fred. M. Ott, all of which had been organizations of the National Guard of Pennsylvania.

On July 21, 1898, the following telegram was sent to the War Department:

Adjutant General, United States Army, War Department, Washington, D. C.:

Governor directs that I advise you that in compliance with suggestion in telegram from Secretary of War yesterday, he has granted commission to Captain C. S. W. Jones, Sheridan Troop, Pennsylvania Volunteer Cavalry, as Major, Battalion, Pennsylvania Volunteer Cavalry.

THOMAS J. STEWART,

Captain Jones was mustered as Major, July 27th, 1898, at Newport News, Virginia. On July 30, 1898, Herbert A. Arnold, of Montgomery county, was commissioned as Assistant Surgeon of Battalion, Pennsylvania Volunteer Cavalry. The three troops had been organized as a temporary squadron at Mount Gretna on June 17th, 1898, by Captain John C. Groome, who was by priority of muster the senior troop commander. Second Lieutenant J. Franklin McFadden, of the First Troop, Philadelphia City Cavalry, was detailed as Adjutant of the temporary squadron, and Second Lieutenant Harry S. Fleck, of the Sheridan Troop, as Quartermaster.

Major Jones, on July 28th, 1898, detailed Second Lieutenant Edwin A Nicodemus, of the Governor's Troop, and First Lieutenant (formerly Second Lieutenant), Harry S. Fleck, of the Sheridan Troop, as Adjutant and Quartermaster, respectively, of the battalion. These officers served in their respective capacities until the muster out of the battalion.
